

ATTORNEYS AT LAW

Jaime D Jackson

Partner

Overview

Jaime Jackson is a partner and trial attorney for Atlee Hall and concentrates his law practice in the areas where consumer safety is compromised and swift, decisive action against the violators is necessitated. In representing clients in complex civil litigation cases, he has obtained favorable judgments and significant recoveries for victims of corporate neglect, catastrophic injury and wrongful death. He has served the needs of clients whose cases involve automotive products liability (crashworthiness law), trucking and medical malpractice. He is known for his tireless client advocacy around safety issues, meticulous case preparation and incisive, intelligent analysis.

Differentiated on the basis of his experience, investigative skills, caring nature and ability to handle large, multi-faceted and expensive cases, Jaime is one of Pennsylvania's top trial attorneys and is considered a difference-maker in the lives of his clients and their families. He has represented clients who have sustained catastrophic brain and spinal cord injuries, paralysis or burns, and has given closure to the families of those who have suffered fatal injuries. Jaime's practice is predicated on trust, empathy and open communication. He inspires trust and confidence in those he serves and diligently works each case with the singular purpose of maximizing outcomes.

Not one to yield to stonewalls or shrink from responsibilities, Jaime shows great resolve in taking on large corporate defendants with deep capital reserves who have violated rules and caused injuries or wrongful death. He brings a winning mindset to each case, piecing together its

Experience

Of Jaime's many notable accomplishments, highlights include:

September 14, 2012, York County, Pennsylvania: Jaime obtained a \$6 million jury verdict on behalf of the family of a woman who died at a local hospital.

Examples of cases that exemplify Jaime's commitment to defending clients who have been victimized by negligence and decisions which resulted in changes in policies and procedures by the party at fault include:

Andreaessen v. Weinbrenner Shoe Company

Led to a change in the safety design of shoes for use in foundries.

Harsh v. General Motors

A case involving a 1995 Chevrolet Lumina and a verdict against GM for \$8.2 million which led to a change in GM's automotive design.

Beyond the Courtroom

I am married to Ann. We have a lovely 11 year old daughter Livia, and twin 9 year old boys Owen and David. When I am not working or playing with the kids or at their activities, I am running. I love to run ultramarathons. I often wake up at 3am and just go running. It's awesome and when I'm not doing that I am cheering my wife on at triathlons.
